Merton and Ray Bailey Each Got Deer
on First Day of Open Season.

Merton Bailey, our R. F. D. mail carrier, and Ray Bailey, each brought in a good large deer yesterday afternoon.

They were does, shot in the back part of Newbury. The Bailey boys are crack shots and know just where to start a deer. Strange to say, they don't seem to pay any attention to the two-legged deer.

Frank Rosa is loading his furniture into a car and moving to Barre, and

Peter Moffitt is moving to Woodsville, N. H.

Danger Ahead! Look Out!!

Colds and Grippe frequently will leave you with weak kidneys, and aching back. The kidneys get overworked fighting off a cold or a contagious disease. When they slow up, and don't perform their duties, look out, there is trouble brewing.

Kidney and bladder troubles are dangerous, and should not be neglected; if you are compelled to arise from your slumber once or twice during the night, it proves that your kidneys are affected and bladder irritated, and if you will take from 10 to 20 drops of SEVEN BARKS in a little water after meals, you will correct the alkalinity of your secretions, thus giving you undisturbed sleep and peaceful rest, preparing you for your next day's duties. If you feel dull, irritable and nervous, have headaches, sore or enlarged joints, irregular kidney action, you should give the kidneys quick relief by taking SEVEN BARKS, which will not only relieve the kidney trouble, but keep your stomach in good condition and your liver active.

Don't neglect your kidney trouble with first symptoms. You will be sorry if you do—it's too serious a matter. Get SEVEN BARKS from your druggist. Price, 50 cents.—Adv.

Be Prepared For Influenza

Cut This Out

Many medical men say we will probably have another epidemic this fall. Let us all take care and we will not.

But at the same time, let us be well prepared. The flu, as it is called, usually starts with a cold and tightness in the chest.

If you even suspect there is a chance that you may be getting influenza, take a good dose of laxative tea, such as Dr. Carter's K & B Tea or Calumina, for your physician. While you are waiting for the doctor, rub Bery's Mustaine on throat and chest.

Rub it on freely and never mind if it does feel good and hot, it cannot blister even the tenderest skin.

But don't stop at throat and chest; rub someone to rub this enemy of inflammation over your entire back and especially between the shoulder blades.

This is one of the most sensible precautions you can take against pneumonia, which often quickly follows the flu and is just what the doctor tries hard to avert.

You can get Bery's Mustaine for 50 and 60 cents in yellow boxes all ready for use at any drug store.

Bery's Mustaine is made of real yellow mustard. Use it for sore throat, coughs, chest colds, pleurisy, bronchitis, lumbago and all aches and pains.—Adv.

Most gratifying was the result. It relieved my liver and stomach trouble, cleaned up my yellowish complexion and put new blood in my body. WHITE RIVER JUNCTION

Patriotic Meeting at Methodist Church
Was Valuable.

The patriotic rally under the auspices of the Sons of Veterans, which was held in the Methodist church Sunday evening, Nov. 30, was a great success both as to attendance and as to the addresses which were given. The meeting opened with a hymn by the choir and congregation. Then Rev. B. Heseltine offered prayer. This was followed by an anthem by the choir, after which Rev. Mr. Heseltine introduced the first speaker of the evening, Major A. L. Ware of Springfield, and the division commander. Major Ware outlined the work of this organization and gave a very timely and appropriate address along the lines of patriotism. The next speaker was Past Divisional Commander Charles R. Davenport. He spoke along the same lines as the previous speaker, but called the attention of those present to the need of more young men who are eligible to belong to this organization but for some reason have not joined. The next speaker was Rev. W. R. Davenport, district superintendent of the St. Albans district of the Methodist church. Mr. Davenport gave an eloquent address on the soldiers of the civil war. He proved to us that the principles for which these men fought were high and holy ones. Ex-Gov. Pingree was called on for a few remarks and this grand old man was ready for the call and responded as he did in 1911 and gave a very uplifting and inspiring short talk. It did us all good to hear him speak, for he was talking about things which he had experienced. He paid a glowing tribute to the soldiers of the great world war. Those who attended were well paid for coming out to this patriotic service. The choir rendered some fine music, and the service all the way through was inspiring and uplifting and all felt more patriotic and more willing to help along this worthy cause.

Elderly People Have A Daily Health Problem

Stomach muscles and digestive organs
slow to act as age advances

MOST people find the years slipping by without realizing it, until suddenly confronted with the fact that they can no longer digest everything they would like to eat. It then becomes their daily task to avoid what they know to be chronic constipation.

When exercise and light diet fail it will be necessary to resort to artificial means. Strong physics and cathartics, however, are not advisable for elderly people. They act too powerfully and a feeling of weakness results.

What is needed is a laxative containing effective but mild properties. This is best found in Dr. Caldwell's Syrup Pepsin which is a combination of simple laxative herbs with pepsin. It acts gently and without griping, and used a few days will train the digestive organs to do their work naturally again without other aid.

Dr. Caldwell's Syrup Pepsin has been on the market since 1892 and was the private formula of Dr. W. B. Caldwell, who is himself past 80 years of age and still active in his profession. It can be bought at any drug store for 50c and \$1 a bottle, the latter containing enough to last

even a large family many months. It is a trustworthy preparation.

In spite of the fact that Dr. Caldwell's Syrup Pepsin is the largest selling liquid laxative in the world, there being over 6 million bottles sold each year, many who need its benefits have not yet used it. If you have not, send your name and address for a free trial bottle to Dr. W. B. Caldwell, 511 Washington St., Monticello, Illinois.
